

Metadata & Related Content Schema

This document describes how each content type can be associated with related content. Using metatags, content can be tagged with metadata. This allows content to be surfaced "automagically" where and when it is relevant.

Created by BAC

Related Resources — All

	Related QSGs	Related Methods	Related Phases	Related UX Basics	Related Case Studies	Related Videos	Related Tutorials	Related Playbooks
QSG Detail Page	—			UX Basics that would be helpful resources for performing the work entailed in the QSG	Case studies of projects of the kind that is the topic of the QSG	Videos related to: -Methods employed in the QSG -Deliverables specified in the QSG	Tutorials related to: -Methods employed in the QSG -Deliverables specified in the QSG	
Method Detail Page		Other methods related by: -Qual/Quant -Answer Q's About/ Increase Understanding (of) -Objectives -Participants req'd -Skill Level -Phase		UX Basics referred to in the method	Case Studies using that method	Videos about the Method		
Phase Detail Page		Methods used during this phase	—	UX Basics referred to in the Phase detail page				
UX Basic Detail Page	tbd			Other UX Basics related by their placement in the same sub-category	Case Studies that employed this UX Basic	Videos about the topic of the UX Basic	Tutorials about the topic of the UX Basic	
Case Study Detail Page	QSGs that can be used to carry out the kind of project described in the case study	Methods that were employed in the project described in the case study	tbd	UX Basics relating to design decisions made during the course of the project described in the case study	Other case studies related by: -Similar organization type (tbd) -Similar challenge (tbd) -Similar solution (tbd) -Methods used	Videos related to the case study by: -A method they have in common	Tutorials that can be used as a reference to carry out the kind of project described in the case study — ??	Playbooks that can be used to carry out the kind of project described in the case study
Video Detail Page	QSGs that link to the video	Methods used or referred to in the video		UX Basics referred to in the video	Case Studies that link to the video	Other videos related by: -UX Basic -Deliverable -Method -Phase	Tutorials that link to the video	Playbooks that link to the video
Tutorial Detail Page	QSGs that link to the tutorial			UX Basics that link to the tutorial UX Basics referred to in the tutorial	Case Studies that link to the tutorial	Videos referred to in the tutorial	Other tutorials related by: -UX Basic -Deliverable -Method -Phase	Playbooks that link to the tutorial
Playbook Detail Page				UX Basics that would be helpful resources for performing the work entailed in the Playbook	Case studies of projects of the kind that is the topic of the Playbook	Videos related to: -Methods employed in the Playbook -Deliverables specified in the Playbook	Tutorials related to: -Methods employed in the Playbook -Deliverables specified in the Playbook	—
